Hats off to these charity workers

SIR - I would like to commend Mr Yousaf Razaq and his team at the Human Relief Foundation for undertaking such a superb job in the field of charity work.

They are constantly in the media and I believe for a Bradford-based charity they are developing rapidly and making themselves more publicly aware than ever.

I feel the Bradford community as well as the adjoining districts should do more for their cause as they are always serving the needy, the suffering and the destitute whether it is in Iraq, Palestine, Kashmir, Sudan, Somalia, Ethiopia or more recently the victims of the tsunami disaster.

This group are willing to help regardless of race, creed, gender, ethnicity or political affiliation. The local businesses and religious institutions as well as educational establishments should all work hand-in-hand with this charity.

Thank you very much Mr Razaq and your team for helping to put a smile on the face of suffering.

*Ms Helen Samuels, Grisedale Close,
Bradford.*
